

INSTITUTION ANTHEM

We come to comfort and to heal, to love and serve in woe and weal
We come to comfort and to heal, to love and serve in woe and weal

Let a mighty chorus swell and soar beyond the skies
As white robed bands with healing hands to daily tasks arise,
And eager limbs await their hour with aching, grim surmise
While fading visions float before half open, gleamless eyes.

Let the name Augustus and Muller proudly write in gold
Flame across Karnatak's vast Bharat's millions hold,
In admiration of his zeal whose vision bright and bold
In Mangalore's fair bosom raised its home of peace untold

Hail! Dear home where tender care beguiles disease and pain
Where love divine inspires and lifts the failing heart or brain
Live on and grow till human kind its destiny attain
And healing reach on wheels and wings the distant home or plain.

Come, Doctor, live your noble Hippocrate's bequest
Come, Nurse, by Nightingale inspired, forget your broken rest,
Come all who soothe in ways unsung Humanity's unrest
Let's all as one, with love pursue the toil by millions blest

ABOUT OUR INSTITUTION

Father Muller College is a Christian Religious Minority Educational Institute, a unit of Father Muller Charitable Institutions, a Registered Society, sponsored by the Catholic Diocese of Mangalore which runs over 200 educational institutions. The college provides a graduate course in Speech & Hearing under the nomenclature. BASLP (Bachelors in Audiology and Speech Language Pathology which is affiliated to Mangalore University and is approved by the Rehabilitation Council of India.

The College has grown out as an offshoot of the parent Institution known all over the world as Father Muller Charitable Institutions, founded in 1880 by the benign Father Augustus Muller. He was awarded the Kaiser-e-Hind Medal for his pioneering efforts to heal people, especially the poor. Father Muller Charitable Institutions (FMCI) is one of the oldest and well established teaching hospital networks in Mangalore, touching the lives of thousands of patients and students for the last 130 long years. The key objective of FMCI is to provide complete and comprehensive health care with state-of-the-art facilities to patients who come here.

Today, Father Muller's operates from two campuses comprising of two Medical and one Nursing College, with the presence of over 1,500 students and 600 doctors. Instead of remaining within the hospital, the doctors, nurses and students reach out to the poor in the surrounding villages through three urban health centres, seven rural health care facilities and ten health clinics in rural areas. Over 70 percent of services offered in the hospital are either free of charge or heavily subsidized regardless of religion, caste, gender or ethnicity.

EDUCATION:

Patient Care is to be achieved by collaboration with people who care for the patient, both in the College, and the Community where he lives, adopting a holistic approach founded on Scientific and Research findings. The Staff and Students are expected to maintain this rich tradition of 'Holistic Approach' to patient care. Healing of the 'Whole Person' – body, mind and spirit, will be the total concern of everyone in this approach and not merely curing a diseased part of the human body or an ailment. The College promotes education of the highest quality in the art and science of healing while instilling Human, Ethical and Spritual values in the students. We look for excellence not only in professional skills but also in the attitude and character in everyone, upholding respect

for life, dignity of the human person and a genuine feeling of compassion for patients, their attendants and families.

During the period of training, the students are expected to imbibe the virtues of brotherly love and compassion in a spirit of service, respect of life from the womb to the tomb, including respect for disabled and the infirm. They are expected to deepen their knowledge and develop skills in treatment as they grow in “Spiritual Strength”, while maintaining the ethos of the institution.

SPEECH AND HEARING :

Communication is an integral instinct of all living things. Our ability to communicate in so many modes is unique to humans on earth. The loss of one or two senses certainly can impair communication, but it does not have to stop communication.

The field of Speech Language Pathology and Audiology is dedicated to the understanding of normal communication and hearing processes, and to the application of that knowledge to the identification, treatment and prevention of communication disorders in children and adults. Speech Language Pathologist and Audiologist are trained to assess and manage communication disorders and play a major role in public awareness and prevention of these disorders.

The diagnostic unit of Audiology and Speech Language Pathology in Father Muller Charitable Institutions has been in service for more than 35 years. It offers a wide range of services and works in the best interest of patients. It has mainly 3 units – audiology, speech diagnostics and speech therapy. Audiology mainly focuses on hearing evaluation and aural rehabilitation, whereas Speech Diagnostic & Speech Therapy focus on the assessment of Speech Language problems and rehabilitation of persons with disability respectively. Department of speech and hearing has also taken initiative in the development of man power and hence, started a full time bachelor course in speech and hearing in the year 2007.

This rich experience of 35 years enabled the Department of Speech and Hearing to start a full time 4 years Bachelor Degree Course. It has successfully completed 5 years. Having experienced teachers and a

state-of-the-art laboratory for the assessment and rehabilitation of Speech and Hearing disabilities, the College strives to train quality professionals. With the introduction of the degree course, the Department of Audiology and Speech Language Pathology are fully equipped to evaluate hearing deficiencies and speech analysis in order to rehabilitate patients.
